IF BUYER / LESSEE has been approved for a lease of the equipment purchased from SELLER as described on the agreement between SELLER and BUYER/LESSEE . SELLER wishes to confirm the following details of the lease to assure prompt delivery and payment.

1. Lease company may require additional funds based on customers credit history
 3. SELLER has made no agreement as to payments, interest or any details of the lease other than those shown in the lease provided by LESSOR. BUYER/LESSEE was informed that this is not a rental, and that the lease cannot be cancelled except with approval of LESSOR.
 4. SELLER has informed BUYER/LESSEE that regardless of the success of the program, all payments to LESSOR must be made in a timely manner. Payment cannot be withheld due to performance of SELLER or the equipment.
 5. **BUYER/LESSEE has been informed that the equipment will be delivered to the BUYER/LESSEE location and that at about that time LESSOR will call to confirm that the equipment has arrived in good order. This "verbal" confirmation will be necessary for SELLER to receive the proceeds of the lease. Training and set-up will occur within 10 days after payment to SELLER. In most cases the lease company will prepay vendor.**
 6. All leased equipment requires set-up & training by SELLER unless lease is prepaid.. BUYER/LESSEE agrees that ownership of all equipment and materials provided by SELLER remain the property of SELLER until the lease proceeds are received by SELLER. SELLER has the right to enforce payment by BUYER/LESSEE if the lease proceeds are not received, or payment confirmed, by the LESSOR within 3 business days of first attempt to verify by LESSOR.
